Subject: PCB Docket 12-126 -- Don't Give Dynegy Permission to Pollute!

PC#3019

Jun 5, 2013

Illinois Pollution Control Board
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Robert Helm

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Thank you for the clean air and water you allowed us to have regarding your support to HOMES opposition to Traditions mega dairy battle in Jo Daviess Co. We need your concern for the public's health at large on this issue as well.

Sincerely,

Susan Turner

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegey, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegey now violate that trust, by giving them permission to pollute our air.

It took us ten years for citizens here to close down the coal plant in Chicago...which was producing a long list of health problems in our neighborhoods. No other town should have to go through that..

Citizens are far more savvy now about the health problems that coal plants produce and will continue to fight back, no matter how long it takes. .

we don't need another long fight ...it should be obvious at this point, that coal plants are not the way to go...DON'T GIVE DYNEGEY a FREE Ride...

Sincerely,

Karlene Mostek

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Caryn Cafagna

Subject: PCB Docket 12-126 -- Don't Give Dynegy Permission to Pollute!

Jun 5, 2013

Illinois Pollution Control Board
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy communities. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Mary Krapez
6919 W 114th St
Worth, IL 60482-2034

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I am a resident of Carbondale, Illinois, where coal mining is important. I am a life-long resident of Illinois and things have got to change. Coal is an unsustainable energy and is disastrous to our environment and our health. Don't let some billionaire business come in and cry for corporate welfare in the form of tax breaks and relaxed regulations!!!! This poor babies have all the money in the world and can afford to adhere to Illinois standards and beyond. We are a capitalist nation: IF THESE COMPANIES CAN'T MAKE IT ON THEIR OWN WITHOUT HANDOUTS FROM THE GOVERNMENT, WELL, THEN LET THEM FAIL!!!!!!

WE SHOULD NOT HAVE TO PAY FOR THEIR ABUSE/FAILURE TO ADHERE TO AIR QUALITY STANDARDS JUST SO THEIR SHAREHOLDERS AND FUCKING CEOS CAN MAKE BILLIONS OF DOLLARS. stop fucking cow-towing to the fucking rich bastards, Quinn. I voted for you and I vote in my district too. I am paying attention to WHAT MY ELECTED OFFICIALS ARE DOING...STOP KISSING THE ASS OF DIRTY, SELFISH INDUSTRY...LET THEM LEAVE...WE DON'T NEED THEM, STOP BEING SUCH PUSSIES.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy communities. Dynegey, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegey now violate that trust, by giving them permission to pollute our air.

Sincerely,

Joanne Crawford

Subject: PCB Docket 12-126 -- Don't Give Dynegey Permission to Pollute!

Jun 5, 2013

Illinois Pollution Control Board
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy communities. Dynegey, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegey now violate that trust, by giving them permission to pollute our air.

Sincerely,

Cathy Callaghan
