Pollution Control Board

AC13-42

ORIGINAL

File No. 86-13-AC : 1958070001----whiteside County

I have tried to talk to someone for a month now ,I finally got ahold of a person Susan Konzeleimann she let me know what I needed to do .

The wood piled in the picture is from a remodeling of kitchen cabinets and gutted out rooms ,our dumpster was setting there to put the wood in but a snow storm hit and had to wait for the thaw of ice and snow before we could clean it up ,the tires was amount of 25 18 of the tires we put on our trailer and vehicles but the same thing we had to wait for the thaw to get taken care of .I can take pics to show the stuff gone if there is a e-mail to send them too.

So sorry about this mishap but It has been a bad year so far ,a lot for one person to do my husband had a heart attack and 6 stenc put in then spent 60 days in hospital for celulitis in his leg .he is still treating it ,been 3 months with that going on.I am hanging on to the dumpster for some trees we also lost though the winter sence I can't burn them and I sometimes take stuff to the dump.

I have also sent notice to the Illinois Pollution Control Board and Illinois Environmental Protection Agency.

Thank-you
