ORDER OF THE BOARD (By B. Forcade):

On April 23, 1985, Celotex filed a motion to the Board to overrule the Hearing Officer, or in the alternative, to allow an interlocutory appeal. That motion seeks "to overrule the Hearing Officer's denial of Celotex motions directed to discovery of information concerning procedures to be used by Complainant in collecting, preserving and analyzing samples to be taken from the Celotex site (Motion, pp. 1-2, emphasis added).

That motion is denied. The Board notes that Celotex will receive split samples from Complainant and that the Hearing Officer Order in no way restricts Celotex from acquiring information at a later date about analytical procedures already completed.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 22 day of May, 1985, by a vote of 5-0.
