Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air. NO! NO! NO! do not pollute OUR ILLINOIS AIR TAKE IT SOMEWHERE ELSE.....the people of illinois need to breathe fresh air like everyone else in this contry. NO, NO, NO, you can no longer use Illinois as your dumping grounds we the citizens of Illinois WILL NOT TOLERATE THIS KIND OF LOGIC IT IS OUTDATED & BARBARIC.....!!!!!!!!!!!!!!

I wss raised in gillespie, IL and wilsonville was used as a TOXIC DUMPSITE & THE STATE Made them clean the MESS UP!SO NO MORE USING ILLINOIS AS A DUMPING GROUNDS NO, NO, NO.

Sincerely,

Gary Holman
