Re: Midwest Generation, LLC. – Will County Power Station - Ash Pond Groundwater
Management Zone Application

Dear Mr. Kennedy:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the Will County Power Station - Ash Pond Groundwater Management Zone Application (GMZ) and attached proposed Environmental Land Use Control (ELUC) document, dated January 18, 2013. The Illinois EPA has approved the GMZ with the following additions:

1. The Will County Power Station non-community wells cannot be located within the ELUC area. Provide a revised ELUC to the Illinois EPA.
2. Provide the well logs and construction reports for the non-community wells.
3. Any on-site non-community wells that are no longer being used should be properly abandoned in accordance with 415 ILCS 30/9 Section 930.120 (a) (1) of the Illinois Water Well Construction Code.

Thank you for your attention to these matters. Send the revised ELUC, the non-community well drillers logs and construction reports to: Carl Kamp, Illinois EPA, Bureau of Water, PWS #13, P.O. Box 19276, Springfield, Illinois, 62794-9276. If you have any additional questions regarding this correspondence, or need any additional information concerning Illinois EPA requirements, please contact Carl Kamp or me at 217-785-4787.
