MOTION TO CORRECT THE RECORD

The Illinois Environmental Protection Agency ("Illinois EPA") hereby a Motion to Correct the Record.

1. On May 22, 2020, the Illinois EPA filed a recommendation pursuant to Section 125.204 of the regulations of the Illinois Pollution Control Board ("Board"), 35 Ill. Adm. Code 125.204 for Gateway FS, Inc. regarding the tax certification of water pollution control facilities.
2. On June 18, 2020, the Board issued an order finding and certifying that Gateway's agrichemical containment structures identified in the order were pollution control facilities under the Property Tax Code (35 ILCS 200/11-10 (2018)).
3. Subsequently, a representative from Gateway notified Illinois EPA that the property identification number associated with location of the facility was incorrect in the application, subsequent filings, and the Board order. The correct property identification number, 09-026-017-00, should have been utilized. (Exhibit A)
4. Based on the forgoing information, Illinois EPA requests that the record be corrected to reflect that property identification number to be used is 09-026-017-00 and not the previously used property identification number.

WHEREFORE, the Illinois EPA requests that the Board correct the record
in this matter.

Subject: [External] Gateway FS Pollution Control Facility Application follow-up

Amanda and Wei:

Recently we have received notification of Don A. Brown, Clerk of the Illinois Pollution Control Board, certifying the order regarding Gateway FS, Inc.'s most recent Pollution Control Facility Application.

Upon additional accounting review of the property identification numbers associated with our location, it was determined that 09-027-021-00 was incorrectly used for the application, and instead should have been the adjacent property identification number, 09-026-017-00.

Clarification was provided by Doug E. Sachtleben, Randolph County Supervisor of Assessments, regarding the location of the Pollution Control Facility on the application, and per his description of property identification number 09-026-017-00, that was the property that should have been on the initial application.

Per my phone conversation with Amanda this morning, the correction can be expedited, but she needed to confer with her supervisor on our best course of action.

Thank you both for the prompt processing of our application, and for the additional instruction I'll need to get the correct property identification number applied to the facility that has already been approved by the IL EPA.
