ORDER OF THE BOARD (by J. D. Dumelle):

On October 27, 1983 Conoco, Inc. filed a motion for substitution of petitioners in this permit appeal in that Conoco sold its Amboy, Illinois bulk gasoline terminal for which the subject permit was issued to Williams Pipeline Company. On December 14, 1983 the Illinois Environmental Protection Agency (Agency) filed a declaration in support of that motion "provided that the Board condition any grant of substitution on the requirement that Petitioner provide the Agency with the required APC 200 form and the proof of sale and purchase, and subsequent transfer of the permit."

The Board will not at this time rule upon the motion. Rather, the Board hereby requires that the information requested by the Agency be submitted to them by January 16, 1984 and that both parties submit to the Board by that same date briefs on the issue of the legality of the transfer of a permit appeal pending before the Board from one petitioner to another under the facts of this case.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 15<sup>th</sup> day of December, 1983 by a vote of 7-0.
