Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

Additionally, please stop trying to cut teachers' pensions. All the young people in our huge family are hearing (many of us teachers) complaining about how Gov. Quinn is continually trying to cut our pensions/health care. None of them now are thinking about becoming teachers! There goes quality education for Illinois (thanks to big government)!

Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years. It saddens me that the state my heart is closest too chooses to let these coal plants pollute and damage its people. I plead with much emphasis to persuade Dynegy to reduce its pollution output.

Thank You

Eileen (Illinois resident)
