ORDER OF THE BOARD (by B. Forcade):

On January 9, 1985, the Agency filed "An Emergency Request for Continuance of Hearing" for twenty (20) days because of a death in the family of complainants' attorney. On January 10, 1985, Celotex filed a response, stating no objection to continuance. The Request specifically asks for a Board ruling. The Request is granted; hearing shall be held not later than February 20, 1985.

The Board notes that its December 6, 1984 Order encouraged the parties "to clearly delineate whether a motion is directed to the Board or to the hearing officer to aid in proper docketing of motions." Since that date Celotex has filed four motions or requests on December 19, December 20, and January 3 that either contained no such delineation or specifically include both the Board and its hearing officer. To facilitate operations in the Clerk's office and in aid of docketing the parties are hereby ordered to clearly state in any motion or request for action whether such pleading is directed to the Board or to the hearing officer.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 10th day of January, 1985 by a vote of 5-0.
