ORDER OF THE BOARD (by J. Theodore Meyer):

This matter comes before the Board on a motion for continuance of this variance proceeding made by petitioner at hearing held in this matter on July 30, 1985. The continuance is requested for the time period necessary for the Agency to determine whether to grant petitioner an operating permit (plus 14 days, if denied) which if issued would obviate the need for variance relief. Petitioner has committed to apply for such permit by September 1, 1985 and has waived decision in this matter until March 27, 1986. Accordingly, the motion is granted and this matter is continued until the Agency has made a permit determination but in no event shall continuance extend beyond January 15, 1986. The parties shall apprise the Board once a permit decision has been made, and if denied, a hearing shall be scheduled on the variance petition within two weeks of denial.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 5th day of September, 1985, by a vote of 7-0.

 Illinois Pollution Control Board
