ORDER OF THE BOARD (by J. Anderson):

This July 20, 1981 petition for variance from the certified operator requirement of Rule 1201 of Chapter 3 fails to provide much of the information outlined in Procedural Rule 401. Little or no information is given concerning the treatment plant, its current operator, or the effluent discharged [401(a)(2,4)], the specific alternative methods for achieving compliance, including costs of and timetable [401(a)(6,8,9)], and the specific hardship it would suffer if variance is denied. If an amended petition curing these deficiencies is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

The Board notes that petitioner has requested a hearing (which is at its own cost pursuant to Procedural Rule 412). Should petitioner waive hearing in its amended petition, the petition must be accompanied by the affidavit required by Rule 401(b).

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 23rd day of July, 1981 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
