Illinois Pollution Control Board, cc: Dynegy CEO Robert Flexon

Subject: No Free Pass for Dynegy to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

GIVE Illinois coal plants a CHANCE to CLEAN UP THEIR PLANTS! I urge you to PASS the request (PCB 2014-010) to let five coal plants IN Illinois time to CLEAN UP THEIR air pollution.

If these plants were to close the economic impact would be huge in this area. These are UNION jobs that pay their employees well. Would you want Caterpillar to close it's doors. Are you standing ready to close all the plants that let emissions into the air and water. Are you going after the farmer's next that have animals whose waste go into our streams and who have their fields sprayed with pesticides and herbicides that we all ingest and that our children and grandchildren breathe and play in!

Why not work with the government and power plants. Do you take your electricity for granted or do you use kerosene lamps and wood burning stoves. Shutting down these plants with seriously strain the electrical grid. I doubt if anyone would be happy to go without power and rely strictly on Chicago and Clinton's nuclear power plants. Be careful what you wish for.

These power plant operators work long shifts, seven days a week and all holidays to provide the electricity that EVERYONE takes for granted until they lose their power. Work together and give it a chance!

Sincerely,  
Cynthia A. Yocum  
835 N. 8th Avenue

Subject: No Free Pass for Dynegy to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

My family lives very close to the plant just several miles away. There are roughly 25 homes on the road I live on. Out of the 25 homes 10 have had some type of cancer in the family. These are just the ones I know personally.

I wonder every day if this could be a contributing factor to the cancers in the area including the many cases of respiratory ailments.

Please stop the pollution. Its not easy to watch a parent, child, grandmother, or spouse suffer with cancer or respiratory ailments .

PLEASE HELP US.....

Kathy Howard

Subject: No Free Pass for Dynegy to Pollute! Case Number: PCB 2014-010

Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

Sincerely,  
Randy Juras
