ORDER OF THE BOARD (by D. Glosser):

On June 16, 2014, Sierra Club filed a complaint against Ameren Energy Medina Valley Cogen, LLC (Medina Valley) and FutureGen Industrial Alliance Inc. (FutureGen) (collectively respondents). The Board accepted the complaint for hearing on July 24, 2014 and noted that respondents filed a motion for summary judgment on July 15, 2014, and a motion for expedited review on July 16, 2014. The Board has received responses to the motions for summary judgment and the motion to expedite as well as additional motions, responses and replies. The only motion the Board will address today is a joint motion filed on September 12, 2014, asking that the Board stay the proceedings until October 3, 2014. The motion also asks that the Board require a status call. The Board notes that the hearing officer scheduled a status call for October 2, 2014 (*see* Hearing Officer Order Sept. 15, 2014).

The parties request a limited stay “in order to pursue settlement negotiations”. The Board grants the motion to stay until October 3, 2014, at the parties’ request. The Board will not rule on the remaining outstanding motion before October 16, 2014, which is the first Board meeting after the stay expires on October 3, 2014.

IT IS SO ORDERED.

I, John T. Therriault, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on September 18, 2014, by a vote of 4-0.

John T. Therriault, Clerk
Illinois Pollution Control Board
