ORDER OF THE BOARD (by J. Marlin):

On February 19, 1986, Electric Energy, Inc. (EEI) filed a response to the Agency's Recommendation. This response contains new factual material, and therefore the Board must construe the filing as an amended petition. However, as such it is deficient because it fails to contain a supporting affidavit, which EEI is hereby directed to provide. The Board will deem the filing of the amended petition complete upon the filing of the affidavit, with the decision timeclock recommencing at that time. The Board notes however that it is anxious to bring this case and the related permit appeal to an expeditious conclusion. The Agency is directed to file an amended Recommendation addressing EEI's February 19 filing as promptly as possible, but in no event later than April 7, 1986.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 14~~th~~ day of March, 1986, by a vote of 7-0.
