**TESTIMONY**

On behalf of the Illinois Emergency Management Agency (IEMA), and in further response to the responses provided by the Illinois Environmental Protection Agency (IEPA) on January 27, 2020, I offer the following testimony:

2) **Should the required modes of communication in 35 Ill. Adm. Code Section 1000.502 be updated and, if so, how?**

IEMA agrees with IEPA that the forms listed should be amended to exclude telegraph. However, IEMA would like to see this section amended as follows:

All person subject to this Part shall immediately notify by telephone ~~and telegraph, mailgram, or facsimile~~, the Illinois Emergency Management Agency (IEMA) of any incident or condition arising from the use or possession of licensed materials or facilities or the conducting of licensed activities which may have caused or threatens to cause emissions or radiation levels in excess of those allowed under this Part. IEMA's 24-hour Operations Center can be reached for notification of incidents at 1-800-782-7860, or, if calling from outside Illinois, 1-217-782-7860.

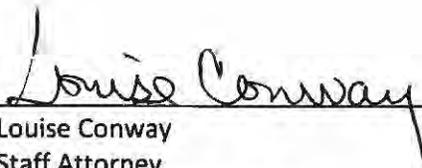

3. **Is the contact information in 35 Ill. Adm. Code Section 1000.502 accurate? If not, how should it be revised?**

The correct address for this subject matter is:

Illinois Emergency Management Agency  
Division of Nuclear Safety  
1035 Outer Park Drive  
Springfield, Illinois 62704

Respectfully submitted,

ILLINOIS EMERGENCY MANAGEMENT AGENCY
